

Volk Field Environmental Policy Statement

Our installation is committed to continued excellence, leadership, and stewardship in protecting the environment. Environmental protection is a primary management responsibility as well as the responsibility of every worker and supplier. In keeping with this policy, our vision is to reduce waste through pollution prevention, continually improve our environmental performance by minimizing our impacts on the manmade and natural environment, and maintain compliance with all federal, state and local environmental regulations at all times. Our basic tenets include:

- Environmental protection is a line responsibility and an important measure of worker performance. Every worker is responsible for environmental protection in the same manner as personnel and worker safety.
- Compliance with all federal, state, and local environmental regulations is paramount in all we do.
- We are committed to reducing or eliminating the generation of waste. This will be a prime consideration in all future decision-making.
